Team

There will be around 2 group leaders who are responsible for the group the whole 2 weeks. You will receive all the information you need from and about the team in a separate email.

Beside the team there is one coordinator responsible for the project in Graz: **Victoria Weißenberger** and the coordinator of all the camps who will be in Vienna, Carlos Gauna.

Group

There are 7 international participants from all over the world.

We will also like to include around 3 local participants (refugees living in Straden). Some of them might not speak English so please remember to be integrative. We will try to translate as much as possible. The local participants will probably not sleep in the accommodation with us but at their own house. They will join us during the daily working activities, meals and they will be invited to the free-time activities.

You will also have two days off, that you can use to travel e.g. to Graz, but we will also offer different activities to get to know the area. If the weather is fine we might go swimming with the group as well.

Work & Workshops

We will work around five hours per day. We will have two main working fields:
1) We will do landscape maintenance outside, and houses for animal protection and supporting the "BlaurackenFest" festival organization.
2) We will do creative work with a community of people with disabilities in Lebenshilfe, and we will be part as an activity in the "Bauerngolf" (Golf-Tourner).

The work will start on Tuesday 24 of July until . On Sunday, 06th of August, we will celebrate the annual festivity "BlaurackenFest" and help them to prepare and serve.

We will also run some Workshops during the camp e.g. on inclusion, sustainability of on other topics to raise awareness and to share different opinions and realities. Our camps have a very strong focus on integration and inclusion. We want to start with a positive attitude and acceptance towards each other and to strengthen the visibility of our similarities.

Accommodation

We will be hosted in a school in 8345 Straden No. 73. We will cook for ourselves. We will not have a lot of meat in the menu. Please inform us when you require a special diet, allergies or if you are vegetarian

There is a kitchen, a dining hall and showers / toilets in the school and the nearby gym. We will sleep all together (male and female) in one big room on sport-matresses on the floor.

You can use the PCs of the school. There will also be WIFI access, but it might need some time to be installed. Please be flexible about it.

Why do we as participants have to pay a participation fee for the hosting organisation Grenzenlos?

The 30 € are a support to partly cover the costs of your food and accommodation, though it will not cover all of it. The rest of the expenses are covered by fundraising made by Grenzenlos and support from the local partners.

Umgebungsplan der Umstiegshaltestelle Flughafen Graz-Feldkirchen

How to arrive to Graz if you’re coming from Vienna?

We can recommend you a cheap and fast connection from Vienna to Graz, if you’re arriving in Vienna, please let us know and we’ll send you a description. Still, if there’s a possibility to fly to Graz, do so, it’s less exhausting ☺

Important

If you cannot be there in time, please let us know as soon as possible because there are no more trains you could take you to Straden, so we need to make the necessary arrangements to pick you up!
