WORK

The technical work of the project "The conservation of all Paths in the Valley of Siarb" consists on physical work: clearing paths, putting stones aside the way, rebuilding dry stone walls, improving the signals with paint and improving paths of the paved section.

The project is flexible to the needs of the group, with flexible dates, amount of work, combination with other kind of activities, etc.

ACCOMMODATION&FOOD

There are two options for the accommodation:

Mountain Shelter. Bunk beds equipped with showers and WC. Fully equipped kitchen and living room. The accommodation is in Llagunes, a small village in the Pyrenees. (maximum 23 places)

Tents: It is possible to camp in a field. Near a small river, between other fields and forests. (From 10 to 80 places)

Fee per day:

Sleeping and cooking in the Shelter: 13€/day/pax

Camping and cooking outdoors: 9€/day/pax

**If the group requires a cook, it has an extra cost of 20 euros/day/pax. The organisation will buy all the food and provide a cook that will be preparing all the meals.*

FREE TIME ACTIVITIES

A part from the work, and the other activities the group can develop in their own. There are different possibilities of leisure activities the group can do in the area: movie forum in an adapted local in the village, cultural excursions, circuit of Geocaching and visits to the nearby villages. Also, the celebration of the major parties will be part of their free time.

There's the option to have Spanish lessons if the group requires them, in that case the HO will arrange the space and teachers.

Other options of activities that the group can do in the area are the following examples:

- Visit to a medieval town. There is the option to have a guide (45€ per group aprox).
- Visit to bunkers and trenches from Spanish Civil War (45€ per group aprox)
- Rafting activity (30€/pax aprox)
- Hiking/trekking routes. There's free flyers, maps and other information available.
- Astronomical observations. There is an activity that gives the opportunity to explore the night sky with a telescope and a laser. (120€ per group aprox)
